

**fermento dextrose substitutes in summer sausage recipe** - thanks for the question and yes there are substitutions for dextrose pure sugar and fermento non fat dried milk my only suggestion on the dextrose is to add a little bit less sugar than dextrose 80 of what the recipe calls for, **fermento substitute smoking meat forums the best** - if fermento is in fact merely buttermilk powder i would be curious to know what this recipe tastes like with the traditional tangy flavor the sausage was ok but the lean meat and 200 degree oven temp renders the remaining fat out leaving a pretty dry sausage, **www sausagemaking org view topic fermento substitutes** - if my memory serves me well awhile ago there was quite a lot of postings on another forum regarding the so called fermento scam apparently it consists of mostly soya protein concentrate and it s not the fermento that imparts the tang into the meat, **curing agents smoking meat making sausage making cheese** - any sausage recipes using fermento can be made by either using dry buttermilk solids as a replacement or possibly liquid buttermilk to replace the liquid portion of the sausage recipe and in my humble opinion works equally as well as fermento, **lactic acid starter cultures that are equivalent to fermento** - i was looking over the rytek trail bologna recipe which calls for some fermento a google search turned up some comments about fermento imparting an off taste to the sausage and a lactic acid starter culture might be a better way to go, **www sausagemaking org view topic fermento buttermilk** - the attachment didn t come through but i have seen the recipe attachments have to be hosted by a third party site like photobucket to appear i would leave out the fermento altogether it will act as a cure accelerator due to it s acidic nature, **lj question smoking meat forums the best barbecue** - re fermento substitute reply 8 on december 14 2008 02 03 42 am can you explain what type of sausages you are making is your goal to add tang to fully cooked or semi dried sausage or dry cured sausage that will help others to answer your question, **view topic lactic acid starter cultures that are** - post subject lactic acid starter cultures that are equivalent to fermento i was looking over the rytek trail bologna recipe which calls for some fermento a google search turned up some comments about fermento imparting an off taste to the sausage and a lactic acid starter culture might be a better way to go, **also known as fermento starter culture my spice sage** - mysplacesage com fermento 1249 fermentoalso known as fermento starter cultureorigin usaingredients cultured whey protein and skim milktaste and aroma tangyuses fermento is a starter culture for use in semi dry cured sausage fermento allows you to, **what is fermento google groups** - fermento buttermilk did nothing to assist fermentation and to use some lactic acid combo stuff similar to that used in cheese making to really ferment a sausage so when the recipe calls for fermento use equal amounts of dried buttermilk if you can find that in the down under or use fresh, **sausage maker fermento 1 lb 8 oz 14500** - fermento is a dairy based controlled fermentation powder for curing semi dry sausage it speeds up the long curing time and adds a tangy flavor to sausages instead of waiting through the fermentation process fermento works quickly so you can stuff and smoke sausages soon after using, **sourdough pretzels recipe king arthur flour** - the sourdough pretzels should be baked on a lightly greased baking sheet or a baking sheet lined with parchment paper this will ensure the pretzels don t stick to the pan while they bake we ve asked our recipe team to make a note about this in the recipe
